How to make a claim?

To make a claim under this warranty, communication with the retailer that the flooring was purchased from must be made. Proof of purchase will be required when contact with the retailer is made. The retailer will then contact Airstep Flooring to arrange an inspection of the flooring installed, shortly after which a determination will be made regarding the warranty claim. Only duly authorised representatives of the manufacturer / distributor can authorise a claim. If a claim is authorised, remedies will be tailored to suit individual circumstances.

Remedies can vary depending on the condition of the floor and warrantable area from full floor replacement to the repair of individual boards. The remedy on each claim will be at the sole discretion of Airstep Flooring. Should board replacement be necessary, new boards from the current batch will be supplied to replace or repair boards. If the range is no longer available, an equivalent product will be supplied. This warranty is in addition to, and has no impact on, statutory rights of any purchaser. Claims must be lodged by contacting the retailer from where the flooring was purchased within 15 days of the problem being noticed.

Acceptable Quality

Airstep Flooring Classic Estate laminate flooring is fit for use in internal environments/installations and should not be used externally. Furthermore, Airstep Flooring Classic Estate laminate flooring should not be directly adhered to a subfloor and must be installed as a floating floor. Airstep Flooring Classic Estate laminate flooring should be installed in a "laminate flooring friendly environment" in which the area is occupied, protected from direct heat and sunlight and where heating and cooling systems are in place and used to control the internal temperatures and humidity.

Airstep Flooring Classic Estate laminate flooring should not be installed in wet areas including bathrooms, toilets, areas or rooms where a floor waste (water drain) is present or required. Domestic kitchens are not considered as wet areas.

Major Failure

Airstep Flooring laminate flooring is resistant to chips, scratches, stains and wear but not "proof" in any respect (i.e. scratch proof) and reasonable care should be taken to avoid scratching chips & damage from occurring. In addition, some gloss variation between boards installed may occur. Airstep Flooring Classic Estate laminate flooring is made using High Density Fibreboard in the core of the product and that this wood based material can be susceptible to seasonal movement, creating small gaps between the joins of each board. Note that small gaps, gloss variation, scratches and chips are NOT considered as major failure. They are considered part of purchasing a laminate floor. These definitions are not intended to reduce or diminish the statutory rights of any purchaser.

As the warranties for Airstep Flooring laminate flooring deal only with the manufactured goods, installation warranties should be sought from the installation company or individual completing the installation.
